To whom it may concern,

This letter is my personal recommendation for Ken Howard. I have been one of Ken's clients for several years. I found him to be consistently pleasant, tackling all assignments with dedication, knowledge and with a thorough understanding of what we needed accomplished with our web presence and programming responsibilities .

Besides being easy to work with, Ken is a take-charge person who is able to present creative ideas, suggestions and communicate the benefits so that we could understand the importance of each project better. He has successfully developed, designed and programmed several web and programming projects for our company that have resulted in increased revenue and simplification of our workflow.. With his knowledge and guidance, we saw an increase in profits that exceeded our expectations. The new revenue was a direct result of the plans implemented by Ken.

I highly recommend Ken Howard for employment. He is a team player and would make a great asset to any organization.

John Priest President of JKP & Associates Inc.

Sincerely yours,

John Priest
